

# WGI General Purpose Pressure Snubbers

WGI Pressure snubbers are used to significantly lessen the damaging effects of pulsation on pressure gauges, pressure transducers, transmitters, pressure switches and many other different types of pressure instruments. WGI Pressure snubbers are for use in light oil water and gases.

## Specifications

### Process Connection

1/4" NPT or 1/2" NPT male x female

### Material

Brass or 316 stainless steel

### Pressure Rating

Brass 3000 psi

316 stainless steel 20,000 psi

### Operating Temperature

Brass -53°C to 343°C (-65°F to 343°F)

316 stainless steel -195°C to 815°C (-320°F to 1500°F)

### Canadian Registration Number (CRN)

CSA-OC5141.26

25B – A50S – A25S

| Part Number | Material            | Size     | List Price |
|-------------|---------------------|----------|------------|
| 25B         | Brass               | 1/4" NPT | \$23.86    |
| A25S        | 316 Stainless Steel | 1/4" NPT | \$59.64    |
| A50S        | 316 Stainless Steel | 1/2" NPT | \$143.75   |
